In evaluating candidates, a high level of competency, experience and stature are used as standards. Furthermore, the maturity of character and ability to effectively assimilate into the SM culture are critical. Once evaluated, the recommendation is presented to the Board for discussion and consideration.

Per the Manual on Corporate Governance, the Company's Succession Planning Policy Statement is as follows:

A fundamental responsibility of the Board of Directors is to ensure that effective processes are in place to provide continuity of Board and executive leadership. The Board ensures that such leadership possesses sufficient depth, talent and conviction for effective Board oversight and execution of long term strategies, consistent with the Company's vision and mission statements. Hence, a process for identifying and assessing potential internal candidates, periodic review and assessment of readiness, contingency planning for temporary absences of the key positions due to disability or any other unexpected event, should be in place. The Board will review and assess said processes on an annual basis.

A succession planning process shall be established to include a) Identification of critical positions, b) Identifying potential successors, c) Readiness of successors, d) Possession of necessary knowledge, skills and behavior, and e) Tracking the progress.

In particular, provided all other qualifications are met, there should be women in our Board of Directors. We will strive to have at least one woman independent director sit in our Board at all times."

Also found in the Company's Corporate Governance Manual, (CGM 1.2.4 Specific Duties and Functions), "the Board shall *install a process of selection to ensure a mix of competent directors and officers.*"

The Company adopts this definition as a requisite and one of the qualifications for its independent directors. The Company anchors its definition of "independence" on the commitment to a principles-based and responsible decision-making that respects and promotes the rights of shareholders, especially of the minority shareholders. Furthermore, compliance towards this commitment is assessed through the Annual Board Evaluation Process where INDEPENDENCE is a standard performance norm.
